BIOMETRIC SCREENING – PARTNER CLINICS
PRINTING THE NECESSARY FORM
1. Log in to your Go365 account (go365.com)
2. Click on “Activities” on the top of the screen
3. Click on the “Prevention” button in the center of your screen to access all Prevention activities
4. Scroll down to see your Prevention activities. Click on “View details” in the Biometric Screening box to learn how to complete the activity and how many points the activity is worth.

Activities

You can rack up Points in so many ways. Choose a few activities to start earning rewards and keep moving toward better health. Hot tip: check out the recommended category. When we’re able to choose personalized activities just for you, you can find them quickly there!

Biometric screening

Check your blood glucose

Invest In Your Health
5. Decide on a screening location for the biometric screening. This can be your primary care physician, or one of the providers on this screen. If you choose a provider from this list, you must print and fill out the walk-in voucher, found next to each clinic. After the tests, they’ll send results straight to Go365 – you’re done! We always recommend requesting a copy of your results upon completion for your own records.

</tbody>
</table>

You can also get your screening at your primary care physician’s office.

- Schedule as you would a normal appointment.
- Expect a blood-draw screening.
